

# Inside Story

## *Surf Shack Vibes*

by Roger Cooper / Reorient Design.

In each edition of The Spoiled Queen Magazine, we select our favourite interior scene and break down the look, to give you the Inside Story.

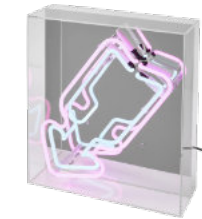

In this issue the **Boutik Cafe & Surf Shack** (see pgs. 100-103) is just too good to miss! The natural materials, warm colours and greenery combo create a vibrant yet calm atmosphere. You can already smell the coffee beans and freshly baked Portuguese egg tarts!

We wish we could go there to experience it all for ourselves! Until the travel restrictions are lifted - why not bring some surf shack vibes in your home instead?
